## MONSTER SWORDFISH.

### Captured Off Thatcher's Island by Sloop Malica Enos.

A gigantic swordfish, one of the largest ever landed in Boston since this most exciting form of fishing became popular, was brought into T wharf, Boston, yesterday, by the sloop Malica Enos, Capt. Enos. The fish with the sword was fully fifteen feet in length, and when taken out of the water weighed over 900 pounds.

The monster was caught off Jefferies bank, about 25 miles from Thatcher's island. It put up a strong fight against capture. It was handicapped by the fact that it had lost part of its sword in some previous battle, and was unable to use its weapon effectively. When it was tired out and killed it took the strength of the captain and five men to lift it into the sloop.

### Good Stock.

Sch. Niagara, Capt. Augustus Swenson, stocked \$2007 on her recent Georges halibut-trip, the crew sharing \$65.

## SCH. SAMOSET SEIZED

### Charged with Fishing Within in Three-Mile Limit.

### TOWED INTO NO. SYDNEY, C. B.

### Captured off That Port Yesterday by Canadian Cutter Gladiator.

Sch. Samoset, of Duxbury, was seized yesterday off North Sydney, C. B., by the Canadian government cruiser Gladiator, and towed into the harbor. The captain of the cruiser claims that the Samoset was fishing within the three-mile limit.

The Samoset is 32.36 tons burthen, built at this port in 1898, and owned by Sanford C. Winsor of Duxbury and is commanded by Capt. Joseph Sampson of this port and sailed from here July 12 for the North Bay on a combination netting, hooking and seining mackerel trip.

The charge against the Samoset is a serious one, the alleged offence being one of the most serious of any infraction of Canadian marine laws, and is punishable by seizure of vessel, catch and outfits.

### Caught Swordfish in the Harbor.

Sloop Messenger, Capt. Samuel Wiley, got a 300 pound swordfish in the harbor, off the Colonial Arms, yesterday. This is rather unusual.

## WEEKLY FISH MARKET.

Trade the past week shows but little improvement over the past seven days. The market throughout is very firm and there is no reduction in prices on any grade. News from the salt bank fleet is not of an encouraging nature, the vessels being greatly delayed in getting bailings. Careful observances of the situation are looking for decreased catches on the second trip and this may have an upward tendency on salt bank fish. The mackerel fleet is doing practically nothing and the prospect of even equalling last year's small catch is very slight.

Prices on fresh fish are well sustained, but the receipts are not above the average.

The receipts at this port for the week ending Sept. 3 are

243,000 lbs. salt cod.  
160,000 lbs. fresh cod.  
157,000 lbs. hake.

## ON OUTSIDE INFORMATION.

### Sch. Samoset Was Seized on Apparently Slender Evidence.

### If Case Is Proven Craft Can Get Clear on a Fine.

The North Sydney, C. B., Herald, of Sept 2, in speaking of the seizure of the sch. Samoset, says:

"This morning at ten o'clock, Capt. James Gordon of the revenue cutter Gladiator made what may prove an important capture. For some time he has been receiving reports to the effect that an American fisherman was illegally fishing inside the limit. Usually he has been pretty vigilant with the result that, this morning, on rounding Cranberry head he came on the American schooner Samoset, Sampson master, riding at anchor in the coves. The circumstances were enough to warrant the vessel's detention. She was taken in tow by the Gladiator, and is now tied up at J. W. Ingraham's wharf pending investigation. Capt. Sampson stated that he was two months out from Duxbury, Mass., and had but 30 bbls. of fish aboard. This is the first case of its kind in North Sydney, where a vessel is held on the report of outside parties, and the result of the investigation will be watched closely by the residents of this town, and visiting American fishermen. If the offence should be proven we are informed the minimum fine is \$50 and the maximum \$400.
